Subsidised Services

Atlas Physio is happy to offer services to clients on DVA, TAC, NDIS funding and WorkCover. We also offer Bulk Billing for eligible clients. **Atlas Physio will not charge fees or a gap payment in addition to the standard rate of reimbursement for subsidised clients.**

- DVA clients require a valid and current referral from your treating physician.
- TAC clients require a valid claim number and must also supply their date of accident and contact details of their case manager.
- WorkCover clients require a valid claim number and must also supply their date of injury, contact details of their case manager, and contact details of their Return To Work officer if available.
- Bulk Billing is available for clients with current EPC, CDM, and TCA forms. Clients who wish to access Bulk Billed Services must present a valid and current referral from your treating physician.
- NDIS clients must provide details of their plan manager, funding manager if relevant, and any other information deemed necessary in order to facilitate physiotherapy treatment.
